IEP and 504 students will receive testing accommodations as outlined in their individual plans. If a student is permitted extra time or any other accommodations, parent/guardians may contact the case manager/school counselor for additional details on accommodations and accessibility options if needed.

** 'Testing mode' refers to how the student will be administered the assessment. The two types of mode are computer and paper and pencil; some computer-based assessments allow students to take the assessment using paper and pencil. Be sure to the inquire about the options if your son/daughter has a medical issue that would not allow him/her to take the assessment on the computer.
